

THIS YEAR'S SUGAR CROP FOR HAWAII

The leaf hopper has worked overtime on this island but the plantations have made sugar in spite of the adverse conditions caused solely by that pest. The greatest amount of damage was done to the cane of the Hawaiian Agricultural Company and though the season's crop is less than half of what it was last year it will be still less next season, for the greatest damage was done to the 1903-4 crop. There are other plantations that did a little better than the estimates and some others that did worse. Olaa fell about five thousand tons short. With the enemy to the leaf hopper found, the crop in 1905 on this island should be very large. Following is the output of all the plantations that could be reached yesterday:

Hutchinson	5,500
Hawaiian Agricultural Co.	8,500
Olaa	17,000
Waiakea	6,150
Hawaii Mill Co.	1,904
Onomea Sugar Co.	10,940
Hilo Sugar Co. (Wainaku)	7,750
Honoum	5,490
Pepeskee Sugar Co.	4,907
Hakalau	8,500
Lauapahoehoe	4,336
Ookala	2,213
Pauahau	7,520
Honokaa	6,690
Panaloa	4,630
Kukui	2,549
Kukuihaele	
Haiawa	756
Hawi	4,090
Niuli	1,188

BOX PLAN AGAIN FOR SAID PASHA

The success which Said Pasha has met in the two performances originally planned has created a large demand for its repetition and the opera will be presented again on next Saturday evening at the Opera House. The box plan will be open again at Wall, Nichols Company's bookstore this morning.

The Myrtle Boat Club, for whose benefit the opera has been presented, feels quite elated over the success of the production and looks for another full house on Saturday.

Mission of Saito.

Mr. Shuichiro Saito was a solitary cabin passenger for this port by the Gaelic. He is a director of the Imperial Colonization Co. (Kokoku Shokumin Kwaiha) of Japan. His company has recently been suspended from doing its Hawaiian emigration business by an order of the Japanese government. A charge was lodged in the Foreign office against the company that the latter contrary to the order of the department had been sending Japanese emigrants to the United States mainland under the guise of Hawaiian immigrants. Hence this suspension. It is reported that the accused company has sent Mr. Saito in order to disprove this charge at this end. Until a few years ago, Mr. Saito occupied quite a prominent position politically and officially in Japan. He was once Vice-Minister of the Agriculture and Commerce Department of the Japanese government. During his stay in this city he expects to have his headquarters in the Moana hotel—Hawaii Shippo.

Killed Himself.

An unknown Japanese committed suicide yesterday at 5:30 p. m. at his house just mauka of Farm Cornn's store at the corner of King and McCully streets. He hung himself from the rafters. Despondency over gambling losses is supposed to have been the cause of his desire to end his existence, as he had tried to kill himself a week before after he had lost much money. A big crowd of Japs gathered but would not go near the house, acting as if it were haunted.

Live Louissons.

The Louissons are showing by their shipments of coffee by every steamer that the industry is not dead. Abraham Lincoln Louisson is just now in San Francisco telling dealers there in his quiet way of the benefits they may derive from the proper treatment of Hawaiian coffee and the Herald is not mistaken he will present arguments that could convince a statue on a Cogswell fountain.—Hawaii Herald.

Viscount T. Toril could not get away by the Coptic as he had intended, the Hawaii Shippo says. Owing to an immense amount of work pertaining to the Patriotic Ladies' Society which he represents in this country, he has postponed his departure till the steamer Korea, due here on the 28th.

Eyes Examined

There is no calling where accuracy and skill are more in demand than that of the optician. One familiar with the construction of the eye knows that there are many eye-defects which can not be accurately estimated or corrected by the use of test letters and cards alone.

For this reason we use, in our eye examinations, the several different methods that long experience has taught us bring best results.
